Important to Sheep Farmers.

A sure cure for the Scab in Sheep.

The undersigned has the pleasure of announcing to the Wool Growers of this country, that he has now received a large quantity of the celebrated *South Down Sheep Wash.*

The only labor required with the article now offered to the public, is to stir the paste into the quantity of water needed for the Sheep that are intended to be dipped. This Sheep Wash is highly recommended and extensively used by the wool Growers of Australia and South Africa. The Samples that have been used by some of the Estancieros of this Country, have given the most perfect satisfaction, and are recommended by them as the most efficacious remedy ever used in this country; for further particulars apply either personally or by letter to

Notice Extraordinary.

OPENING of the GREAT

EMPORIUM OF LIGHT

OF THE LA PLATA
At No. 59 CALLE FLORIDA.

The undersigned would respectfully announce to the inhabitants of Buenos Aires and the Argentine Republic, that having completed his arrangements, he has opened the above mentioned establishment to the public on the 23rd May, with an immense supply of the celebrated KOSMOS, OIL and a stock of KEROSENE LAMPS, imported from Europe and North America expressly for this market, which for,

Variety
Elegance and
Completeness

in every respect, is unsurpassed in the city! Glass all of which will be ordered for sale at the most reasonable prices. He would moreover draw the attention of the public to the many advantages of the admirable illuminance over all other light giving agents. Kosmos Oil being a pure extract from bituminous coal, contains all the illuminating properties of coal gas, and produces a clear, white light, surpassing Gas light itself in brilliancy and of such remarkable softness and purity as to render it probably the best light in the world for the eyes, while it costs less than one half as much as gas and is much more economical than the most inferior light in use. The Oil is very cleanly, innocuous, and perfectly safe and the lamps are so simple that they can not be got out of order. The unquestioned superiority of Kosmos Oil over all other artificial illuminants, has already established it throughout Europe and North America (where it has met an enthusiastic reception) as the luxury of impoverished), it is now confidently offered to the public as the most perfect, and in every respect most desirable illuminant yet introduced. All are invited to call and see the light and judge for themselves this evening being the last chance to see the establishment.

Municipal Reform.

There are few things in Buenos Aires which require more speedy reform than the present municipal government. Corruption, peculation, gross misconduct, mismanagement, and utter imbecility, characterise the proceedings of the municipal officers, besides offices of trust and emolument are filled by persons totally unfit for the duties they undertake to perform. The evil we have to complain of is not confined to any particular class of the community, but is universal, and runs the very highest figure as set down for printing-offices. Moreover the city finances became the state-pensers of public gambling; the Lottery Company's office is most productive revenue; this is an honourable exception. Several centuries were surprised by the sudden flood and had to run up the hills for safety, but three of them are known to have lost their lives; the water rose so suddenly as to prevent their escape.

Our papers from Montevideo do not give us yet, the tenor of the recent Anglo-French *ultimatum*, enforced by the presence of the men-of-war of those two great allied powers in Brazilian legislative houses have votes under the most peaceful auspices, an act demanded by the allied Presidents requesting him the power to pay the first instalment of interest so severely demanded.

Though the time fixed by the Anglo-French Ultimatum had expired since the 15th of March, the French had not been enforced, but the *Ultimatum* withdrawn, neither do we know that as late as April the 15th, twenty five days after the date fixed, any definite agreement to put an end to the difficulty had been duly signed.

OPENING OF THE GREAT

EMPORIUM OF LIGHT

OF THE LA PLATA
At No. 59 CALLE FLORIDA.

The undersigned would respectfully announce to the inhabitants of Buenos Aires and the Argentine Republic, that having completed his arrangements, he has opened the above mentioned establishment to the public on the 23rd May, with an immense supply of the celebrated KOSMOS, and a stock of KOSMOS LAMPS, imported from Europe and North America expressly at this market, which for,

Variety

Elegance and Completeness

in every respect, is unsurpassed in the Globe; all of which will be ordered for sale at the most reasonable prices. He would moreover draw the attention of the public to the many advantages of the admirable illuminator over all other light giving agents. Kosmos Oil being a pure extract from Steamboats coal, contains all the illuminating properties of coal gas, and produces a clear, white light, surpassing Gas light itself in brilliancy and in each remarkable softness and purity as to render it decidedly the best light in the world for the eyes, while it costs less than one half as much as gas and is much more economical than the most inferior light in use. The Oil is very cleanly, innocuous, and perfectly safe and the lamps are so simple that they can not be got out of order. The unquestioned superiority of Kosmos Oil over all other artificial illuminants, has already established it throughout Europe and North America (where it has met an enthusiastic reception) as the luxury of impoverished; it is now confidently offered to the public as the most perfect and in every respect most desirable illuminant yet discovered. All are invited to call and see the light and judge for themselves on the evening being the 24th inst, to see the establishment.
